

# I Do Not Think It Means What You Think It Means

When Westley said “As You Wish” to Buttercup, what he was really saying was “I Love You.” It seems romantic, but actually he just had a poor grasp of language. Enter the letters from the previous puzzles into the blanks below, and draw a straight line from each word to what Westley *thinks* is its definition. The three words that remain uncrossed will let you know which of the following qualities are most important when seeking True Love. And you’ll see for yourself if Westley has what it takes.
