# April Fools Solution

The flavor text hints that you need to add and count something. "You can always count on easily fooled audiences to add to the annual confusion." By using the sum of the decade and year to index the letters the text you get letters for the solution.

1957	5 + 7	12	Y
1996	9 + 6	15	R
1934	3 + 4	7	E
1919	1 + 9	10	E
1980	8 + 0	8	A
1922	2 + 2	4	V
1975	7 + 5	12	E
1949	4 + 9	13	R
1962	6 + 2	8	Y

Use the years to order the letters to get the final Solution.
