TEXT COMPRESSION

by Sean G.

Too much input! Please help me compress some data in order to make more space in my memory banks.

Fill in the nodes so that each phrase can be made by tracing a path.
A letter can only appear ONCE in a graph.
You CAN retrace your path.
You CAN stay on a node to repeat a letter.
The starting letters have been placed for you.
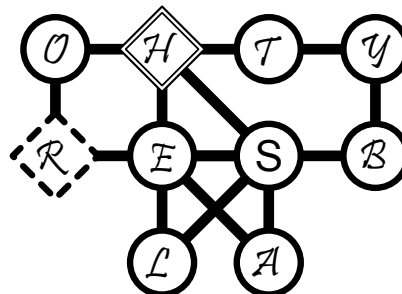

Example:

THIS IS THE BEGINNING

I YAM WHAT I YAM AND THAT'S ALL WHAT I YAM

HOW MUCH WOOD WOULD A WOODCHUCK CHUCK IF A WOODCHUCK COULD CHUCK WOOD?

WHEREVER YOU GO, THERE YOU ARE

SHE SELLS SEASHELLS BY THE SEASHORE

Who said this?

Final answer:
Descartes
(I THINK THEREFORE I AM)
