★★☆☆☆

**– telephone –
for information
lift and press**

What do you want?
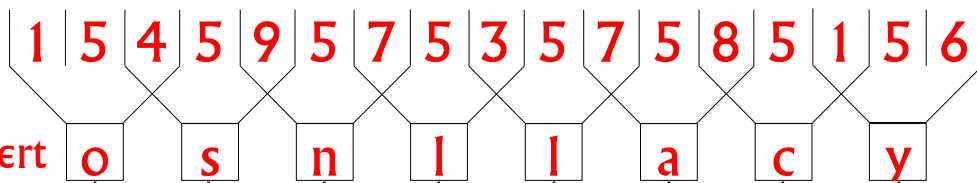

Information.

1 2 3
4 5 6
7 8 9

I want
to make
a call

number
please

First, drop the digits
of the phone number
into the slots...

Second, use keypad to
convert each cluster of
three digits into
semaphore...

154595753575 85156

1 5 4 5 9 5 7 5 3 5 7 5 8 5 1 5 6

Third, convert
semaphore
into letters...

o   s   n   l   l   a   c   y

l o c a l c a l l s o n l y

Last, use arrows to distribute letters for the final message: "local calls only"

I will not be pushed,

nothing outside of this box is part of the puzzle
