

## LOCATION

*As you're walking to the pub, your friend Riley gets an idea, and you just know that this is all they're going to talk about all night.*

*"Here's the thing - our liquid measurements don't make any sense. They all have terrible names. Take 'fluid ounce'. It doesn't even have its own name - it just has to steal from the ounce.*

*"Not only that, but the fluid ounce is different in the US and the UK. You think they'd at least be the same!"*

*You turn to them jokingly and say, "Tell me how you really feel."*

*They put on a fake British accent and say...*
