

Naughty or Nice?

Sparkle the Elf is in charge of making Santa's list and checking it twice... but who is who? He can always tell a child's true spirit by carefully examining what is in their heart. Once he has compiled his list, he makes sure to **spot** the nice children and **dash** out the naughty ones. Although he loves reading all the children's names, can you tell which name always puts him in the Christmas spirit?
